

Trout Fisher

ADVERTISING

Thank you for considering advertising with NZ's only dedicated trout fishing magazine.

Sales vary seasonally, currently ranging from 2000-3000 copies per issue, winter to summer. Print returns are distributed to angling clubs, surgeries, hospitals, etc. There is also a digital version, which accounts for another 1100-odd sales per issue and goodness knows how many readers.

A typical reader is a 30-50 professional, probably male, and most likely a sight-orientated fly-fisher.

Peter Storey,
Publisher.
